About the Program

The Niles Park District first introduced the Donate a Tree program in 1984. Since then, dozens of trees have been added to our community parks. This ever-growing symbol of life is a special way to remember births, weddings, or departed loved ones.

As a donor, you may choose from several varieties of trees. You may then request the location in which your tree will be planted; a specific park or at the Tam Golf Course.

In addition to the tree, all donations will be recognized on a plaque displayed at the Niles Park District Office.

For more information and to take part in our Donate a Tree Program, please call (847) 647-6777.
